

Evolve Rapid Deployment 25 Patient Decon Kit

Mobile | Lockable | Easy to Use | Pre-Decon & Post Decon

Respond quickly to events and access needed supplies easily with the Evolve Rapid Deployment 25-patient Decon Kit. It maximizes decon shower throughput and protects patient modesty throughout all stages of the decon process. Ambulatory victims can disrobe and place contaminated items in bio hazard bags. Then they can proceed through the decon process shower, dry off, coverup and put on foot protection before exiting decon area.

Kit Includes:
