

TAG Inflatable Shelters

The Losberger TAG Inflatable Shelter can be deployed in less than 6 minutes with 2-3 people. The compact and lightweight the TAG is a perfect solution for first responders or disaster victims when reliability and speed of use are crucial.

Product Description

The Losberger TAG Inflatable Shelter is ready for use in less than 6 minutes. Their speed and ease of deployment makes the TAG the ideal solution for emergency care, command posts, or all purpose emergency shelter needs.

The resistance and robust construction of the TAG Inflatable Shelter, along with a set of accessories ensure an efficient use on any kind of land. All shelters can be carried by hand to the place of use.

The modular design of the TAG Inflatable Shelter enables it to be connected with other TAG shelters in any direction from its gable doors and side doors. The TAG is engineered with durable, fire and UV resistant PVC coated fabric (military grade 22 oz/sqyd), using HF welding to construct the cover and floor into one enclosure.

Inside the Losberger TAG Inflatable shelter.
