

# Response-Friendly™ Patient Surge System Module Selection Guide

## Alternate Care Site (ACS) Modules

Module	Capabilities	Pre-Packaged				Config Configuration				
		Palliative Care	Basic Alternate Care Site	All Hazards ACS	4 Drawer w/ Table (acc-rt)	Protective Medical	Upright Medical	Mobile Medical Orig. (acc-usb)	Mobile Medical (acc)	Other
Administrative Support	Coordinate and supervise daily field operations. Facilitate basic and advanced airway management.	X	X	1						ACS-AS
Airway Management	Facilitate basic and advanced airway management. Assist patients with physical disabilities or injuries.	X	X							ACS-AM
Assistive Devices	Assist patients with physical disabilities or injuries. Manage arrest situations, immobilization, OB delivery and traction.	X	X							ACS-AD Acc. Box
Emergency Care	Monitor vital signs and carry out physical exams. Perform eye exams, reflexes control, foreign body removal and bandaging.	X	X	1	1	1	1	1	1	ACS-E ACS-EENT ACS-FS
Examination	Cleanup and maintain the ACS environment. Conduct nasogastric/urinary catheter insertion and ostomy care for adults.	X	X							ACS-FS
Eye Ear Nose Throat	Conduct nasogastric/urinary catheter insertion and ostomy care for adults. Conduct pediatric nasogastric/urinary catheter insertion.	X	X							ACS-ENGLA ACS-GRUP
GI/GU Pediatric	Administer fluid hydration and antibiotics to adults. Perform phlebotomy and point-of-care testing (POCT).	X	X		2	1	1	1	1	ACS-FIU ACS-FIU ACS-FIP
Intravenous Therapy Adult	Administer fluid hydration and antibiotics to pediatric patients. Accomplish routine repairs and maintenance.	X	X							ACS-M ACS-ME
Intravenous Therapy Pediatric	Administer fluid hydration and antibiotics to pediatric patients. Accomplish routine repairs and maintenance.	X	X							ACS-ME ACS-MPS
Laboratory	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Maintenance	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Medical Equipment	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Medical Facility Support	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Medical Monitoring	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Medication Administration	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Orthopedics	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Oxygen Supply/Pulverized	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Oxygen Supply/Traumatized	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Patient Care Adult	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Patient Care Bariatric	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Patient Care Essential	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Patient Care Pediatric	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Respiratory Therapy	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Staff Personal Protect Equip	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Stretcher	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Surgical	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS
Wound Care	Accomplish routine repairs and maintenance. Provide patients and staff durable equipment.	X	X							ACS-ME ACS-MPS

Multifunctional in its use, VeriCor's Alternate Care Site (ACS) System contains the equipment and supplies needed to provide care for 25 beds over 96 hours. Each system is packaged by utilizing modules, allowing the ability to choose the levels of care to provide during disaster preparedness, surge capacity relief, international aid, nursing home evacuation, or any situation where skilled nursing care and functional needs support is required.

Unique to VeriCor's Response-Friendly™ Systems, care can be achieved immediately. Each module is functionally packaged and organized allowing for rapid movement and set up. Systems can insert into civic centers, gymnasiums, tent structures or other buildings of opportunity.

Provided with each ACS System is an exclusive SmartBook™ operator's manual to ensure the system is Response-Friendly™.
